

# Pediatric Urology

## Telehealth Consultations

We offer telehealth consultations for a variety of pediatric urology issues. If you would like to refer a patient with a condition that is not listed below, please send your request with the patient's chart notes to the telehealth coordinator for the specialist's consideration.

### Clinical Conditions

- Disorders of sexual development
- Hydroceles
- Hydronephrosis
- Hypospadias
- Inguinal hernias
- Kidney and testicular tumors
- Kidney stones
- Neurogenic bladder
- Prenatal and postnatal kidney anomalies
- Undescended testis
- Urinary tract infections
- Varicocele
- Vesico-ureteral reflux
- Voiding dysfunction

### Required Clinical Information

- Complete history and physical; relevant family/social history
- Pertinent outside records, including documentation of previous urological evaluation
- Current medications, allergies and drug levels
- Summary of patient's course regarding urological issues, such as frequency, severity and response to interventions
- Copy of PCP initial intake and follow-up evaluation pertaining to problem prompting referral indicating his/her impression, plan and specific questions
- *For Varicocele:* A testis sonogram is required
- *For UTI, Hydronephrosis and Reflux:* A renal/bladder sonogram within the past three months is required

### Information Needed Prior to Scheduling an Appointment

- [Telehealth Referral Request Form](#)
