Quick Reference Card

ELSEVIER

Fast Answers Built on Better Evidence

ClinicalKey for Nursing is a clinical search engine that makes it easier to find and apply relevant knowledge.

Fast
Recognizes concepts and offers shortcuts to critical nursing answers

Complete
Access a wide range of current, trusted, specialized nursing content and multimedia

Convenient
Easy to discover, share and apply content anywhere

Trusted
Content from Elsevier, the name healthcare professionals worldwide rely on
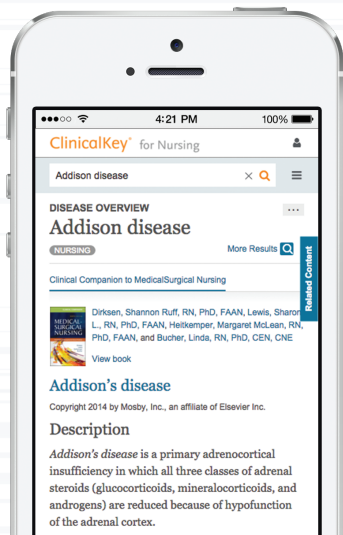

Support for Improved Outcomes at the Point of Care

Topic Pages
· Access to 175+ disease Topic Pages with fast answers for nurses around assessment, diagnosis, planning, implementation and evaluation.

Mobile Optimization
· Discover, share and apply content anywhere with remote access and an interface optimized for mobile devices.

Personal Access for More Benefits

A ClinicalKey for Nursing personal account lets you customize your experience using special features, such as:

Presentation Maker
· Create fast presentations by selecting images from search and browse results.

Saved Content
· Click the "Save" icon on search and browse results to store content – then tag items for faster access later.

Patient Education
· Choose from **15,000+** patient education handouts, customizable to fit each patient's specific needs.

Five simple steps to create a personal account.

1. Visit clinicalkey.com/nursing within your institutional network or IP range.
2. Click the Register link.
3. Enter the required data – your email address will be your username.
4. Confirm your password by re-entering it.
5. Congratulations! You've created a new personal account.

If you require remote access outside of your institution's network, please contact your institutional administrator.
