The University of California requires that all students have health insurance. The SOM-sponsored insurance package includes: Western Health Advantage for medical, Premier Access for dental and Vision Service Plan (VSP) for vision. Insurance coverage is also available for spouses and dependents.

The School of Medicine health insurance coverage is a **package deal**; you may not choose your own combination or variation of insurance coverage.

School of Medicine insurance fees are charged to your student account each quarter along with your registration fees. You are required to pay these fees quarterly unless you have an approved insurance waiver on file with the School of Medicine Registrar's Office.

Students who have health insurance may choose to waive out of the School of Medicine insurance package. To do this, complete the [Insurance Waiver Form](#) and provide the required proof of medical insurance to the School of Medicine Registrar's Office.

All incoming students are required to complete an [Insurance Enrollment Form](#). Incoming students may additionally provide an [Insurance Waiver Form](#) and the required proof of medical insurance.
