**2. ACADEMIC AND STAFF ASSISTANCE PROGRAM (ASAP)**

The Academic and Staff Assistance Program offers confidential, cost free assessment, intervention, consultation and referral services to all UC Davis and UC Davis Health faculty, staff and their immediate families.

Whether the problem is work-related or personal, administrative or individual, career or relationship focused, our experienced staff can assist you in recognizing and

resolving the problem. When additional resources are needed, we can link you to the appropriate services in your community.

If you are concerned about a colleague, co-worker, friend, subordinate or work group, we can help you. Our goal is to help at the earliest possible moment.

ASAP is strictly confidential. Your need for privacy is respected. No information about your participation is released to anyone without your written consent except when legally mandated. No information from ASAP appears in any departmental, central or personnel file.

ASAP is providing services remotely to employees and their loved ones during these stressful times:

### **3. UC DAVIS STAFF EMERGENCY FUND**

Assistance is typically provided to a staff member whose income cannot cover their needs, or the employee has experienced a loss of wages through no fault of their own. Grants would typically be used to help with housing, utilities, food or transportation. Assistance can also be provided when employees with limited resources are faced with medical expenses or expenses related to the death of an immediate family member, or a change in family situation.
