1. PROFESSIONALISM IN THE HEALTH ENVIRONMENT

Thursday, September 30th, 2021 at 1pm-3pm

[Click Here](#) to register

UC DAVIS HEALTH | Faculty Development

September 30

Professionalism in the Health Environment

This workshop provides learners the opportunity to learn about the topic of professionalism in the health environment. It will equip learners to improve patient care by successfully negotiating conflicts between ethical principles, social and cultural values, and the interests of individuals and systems and helping other health professionals and students to do the same.

After this workshop, participants will be able to:

- Describe how a professionalism lapse could be considered a medical error
- Describe how to conduct a root cause analysis of a professionalism lapse
- Assess challenges to professionalism engagement and develop professionalism improvement plans
- Identify Kolberg's Levels of Moral Reasoning
- Use Motivational Interviewing for professionalism engagement

To register please click here:

3. CONFLICT COMPETENCE: CONSTRUCTIVE FEEDBACK FOR POSITIVE CHANGE

Thursday, October 21st, 2021 at 2pm-4pm

[Click Here](#) to register

UC DAVIS HEALTH Faculty Development

October 21

Conflict Competence: Constructive Feedback for Positive Change

Critical feedback is not often something we look forward to giving or receiving, and yet, it is essential to learning, growth and development. If feedback is addressed well, it can foster stronger collaborations and better outcomes. In this interactive workshop, you will learn best practices for effectively giving feedback and considerations for receiving it.

Date and Time:
Thursday, Oct 21st, 2021
2:00 pm - 4:00 pm

Registration is limited.

4. OUTSIDE ACTIVITY TRACKING SYSTEM (OATS) TRAINING FOR ADMINISTRATORS

Friday, November 5th, 2021 at 12pm-1pm

[Click Here](#) to register

UC DAVIS HEALTH Faculty Development

November 2021

Outside Activity Tracking System (OATS) Training

The UC Outside Activity Tracking System (OATS) is a web-based application through which all University of California faculty must report outside activities and income, in accordance with UC conflict of commitment policies. This virtual training is a hands-on overview of the OATS system.

Administrators have additional responsibilities when it comes to review and non-specific approvals for Outside Professional Activity (OPA) reporting. This training will provide an overview of the approval process for administrators in the UC Outside Activity Tracking System (OATS). The virtual training is a hands-on overview of how the OATS review and approval process works.

After completing the training participants will be able to:

- Navigate their administrator view in OATS
- Review, approve and deny the Annual Outside Professional Activities Reports in OATS
- Review, approve and deny requests for Category 1 approval
- Review, approve and deny requests for coverages on time or income thresholds
- Easily check the status of reports and requests in OATS

Please Note:
This session will be hosted via Zoom.
Links will be sent to all registrants before the session.

For questions regarding registration or the session please contact:
Andrea Young at
ayoung@ucdavis.edu

Target audience: UC Davis Health Administrators

UC DAVIS HEALTH Academic Personnel

5. OUTSIDE ACTIVITY TRACKING SYSTEM (OATS) TRAINING FOR FACULTY

Friday, November 19th, 2021 at 12pm-1pm

6. CALL FOR APPLICATIONS: CTSC KL2 MENTORED CAREER DEVELOPMENT PROGRAM

Call for Applications

CTSC KL2 Mentored Career Development Program

Application Deadline: 12/1/2021, 10 a.m. (Pacific Time)

CTSC KL2 Q & A Session

Virtual Presentation

October 5, 2021

9 – 10 a.m.

RSVP to dlvandolah@ucdavis.edu by October 1, 2021

OVERVIEW:

The Clinical and Translational Science Center (CTSC) is pleased to announce a call for applications for the KL2 Mentored Career Development program.

The NIH-funded CTSC supports highly qualified junior faculty to conduct mentored, multidisciplinary, patient-oriented clinical research. Clinical research is defined as **(a)** patient-oriented research conducted with human subjects (or on material of human origin) that includes mechanisms of human disease, therapeutic interventions,

clinical trials, and/or development of new technologies; **(b)** epidemiologic and behavioral studies; **(c)** health services and outcomes research. Funding support is yearly (for up to two years if acceptable progress) but may be extended for up to three years if funding and appropriate progress is made.

The goal of the program is to accelerate the career development of promising junior faculty, promoting their development as independent clinical multidisciplinary research investigators. The program will provide selected scholars with a salary up to \$115,000 plus benefits, as well as \$25,000 for travel and research expenses each year. Attendance (virtual or in-person) at the annual CTSA Translational Science meeting is required in both years, and submission of an abstract is required for reimbursement of travel expenses.

Scholars in the KL2 program will:

- Obtain additional research training through participation in coursework, workshops, and/or individualized programs of study.
- Conduct a rigorous multidisciplinary clinical/translational research investigation relevant to their research interests.
- Be mentored by mid-career/senior investigators from diverse backgrounds with a demonstrated track record of successfully developing the careers of junior colleagues.
- Utilize, and participate in, the activities and resources of the UC Davis CTSC, and a nation-wide consortium of 60 other NIH-funded CTSA sites. This will include a commitment to attending various seminars and presenting their research progress at monthly meetings.

[Download Application Instructions](#)

[Download Application Cover Sheet](#)

Application Submission Deadline: December 1, 2021, at 10 a.m. (pacific)

All applications must be submitted electronically in a single PDF file to Donna Van Dolah at dlvandolah@ucdavis.edu by 10 a.m. on 12/1/2021.

Notification of Finalists: Week of January 10, 2022 (Approximate)

Applicant Presentations: February 7, 2022 (Tentative)

Notification of Award: Week of February 21, 2022

Appointment Begins: June 1, 2022 (or as negotiated)

For more information, contact Donna Van Dolah, Academic Program Manager, at dlvandolah@ucdavis.edu.
