

The Department
of Pharmacology

Proudly Presents the
Seminar Series:

Signaling

Neuroscience

Genomics

Frontiers in Pharmacology

Signaling Through Protein Kinases to Gene Expression in The Cardiac Myocyte

Peter H. Sugden, PhD

Professor of Cellular Biochemistry (since 1997,
personal chair), NHLI Division, Imperial
College, London UK

&

Angela Clerk, PhD

Reader in Biochemistry and Cell Biology
NHLI Division, Imperial College, London UK

Tuesday, June 1st

10:00 am

GBSF Auditorium

(Rm. # 1005)

Light refreshments will be served.
