## The UC Davis Medical Center Department of Radiation Oncology Presents:

The 2011 Hideo "Dale" Kubo Memorial Lecture June 9, 2011 5:00-8:00 pm

## Lecture Title: A Prudent Approach Toward Clinical Evaluation of New Technology for Cancer Therapy

Speaker: Robert Timmerman MD UT Southwestern

Robert D. Timmerman is Professor of Radiation Oncology and Neurosurgery, and Effie Marie Cain Distinguished Chair in Cancer Therapy Research at the University of Texas Southwestern Medical Center in Dallas, Texas. Dr. Timmerman graduated from Iowa State University with a Bachelor of Science degree in Nuclear Engineering and from the University of Tennessee with a Master of Science degree in Reactor Physics. After finishing medical school in his home state of South Dakota, he completed a residency in Radiation Oncology at The Johns Hopkins Hospital. He served as the principal investigator or co-investigator on several prospective trials designed to evaluate the efficacy and toxicity of stereotactic body radiation therapy in lung, liver, spine, and pelvic sites. He is the national principal investigator of Radiation Therapy Oncology Group (RTOG) trials using this therapy in patients with early stage lung cancer.
